

C70

HD Video Cleaning Nozzle

A Nozzle Idea

The Sewer Robotics C70 video nozzle features 8 cleaning jets, battery pack, LED lighting, WiFi, and self-leveling HD camera for video recording and jetting 6" to 40" (150-1000mm) pipelines.

Video is recorded on an SD-card inside the nozzle and downloaded to the included tablet via integrated WiFi, as soon as the nozzle has returned to the manhole.

Specifications

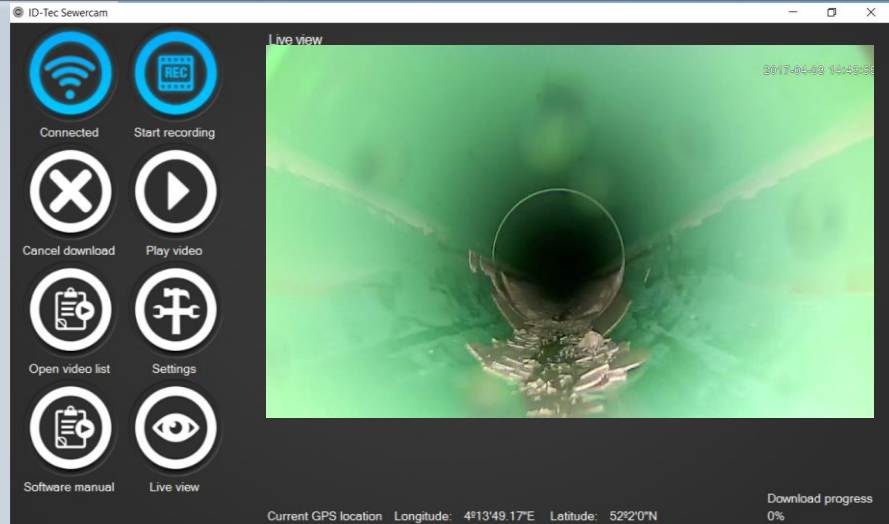

Scope of Use:	6"-40" Diameter Pipelines
Jet Angle:	20 Degrees
Hose Connection:	1 ¼", 1", and ¾" Fitting
Flow:	40-170 GPM (150-650 ltr/min)
